

Privacy Policy

e-science central are committed to protecting the personal information of all visitors to this web site. We recognise our obligation to keep personal information secure and believe it is important for you to know how we treat information about you.

Information Collected

Users of our web site can visit the site without revealing their identity or providing information about themselves.

We collect information directly from users when they voluntarily submit their personal information to us. At certain parts of our web site, we may (now or in the future) provide the opportunity for users to register for an event or order goods, join a mailing list, request information or book something.

Use of collected information

Generally, visitors are informed of the use of their personal information at the time of collection. Normally, personal information provided or collected is used to respond to inquiries or to process requests.

Security of collected information

e-science central maintains strict physical, electronic and administrative safeguards to protect user's personal information from unauthorised or inappropriate access. Workers, affiliates and business partners who misuse a user's personal information are subject to legal or disciplinary actions.

Rights of web site users

Users of our web site may review and update any personal information that is provided to us or collected through this web site and actually stored by us.

e-science central will respond appropriately to users request to correct inaccurate personal information and all complaints relating to the collection, storage, use and disclosure of personal information will be dealt with promptly in a confidential manner.
